

Privacy Policy

Introduction

Welcome to Logiciel Apps. Your privacy is important to us. This document is the main Privacy Policy for APK Uninstaller & APK extractor.

By using the App, you are expressing your agreement to this Policy and the processing of your data, including your personal information, in the manner provided in this Policy. If you do not agree to these terms, please do not use the App.

Information Collection and Use

We collect no user private or public information for any reason, whatsoever. The only information expected is user contacts information when user wants to share the app itself or content of app. But this information is out of our App's scope and completely handled by Android OS so this information is neither saved nor shared or used for any reason whatsoever.

Mobile Analytics

We use Google Firebase Analytics SDK to allow us to better understand the functionality of our Mobile Software on your device. This software may record information such as how often you use the application, the events that occur within the application, aggregated usage, performance data, and where the application was downloaded from. We do not link the information we store within the analytics software to any personal information you submit within the mobile application.

Ad Networks

We may feature advertising within our Service. The advertisers may collect and use information about you, such as your Service session activity, device identifier, MAC address, IMEI, geo-location information and IP address. They may use this information to provide advertisements of interest to you.
